

Spiritual Care Chaplaincy

Carol Wilson
Head of Spiritual Care

New Dawn

A needs and value based
model of care

What is our story?

What do we mean by Spirituality?

quite literally ...

that which lifts the spirit/s ...

that which helps to make today a day worth living, rather than an exercise of struggling to put one foot in front of the other.

meaning ... purpose ... value ... hope ...

Do we have all the answers?

No!

We seek to be create a space where it is safe to ask the questions, with people who:

- will listen to you, not judge you
- will explore issues with you, not solve them for you
- will help you make a plan for the future

What does Spiritual Care Chaplaincy do?
