What's New in Healthcare

Dr. Peter Rookes PhD. MPH. DHSA. FETC. RCNT. RGN. RNMH

Mrs Jean Rookes MA. BEd. BSc.

2. Introduction

The Health Service Reforms resulting from the **Health & Social Care Act** came into being on 1st April 2013.

Essential principles:-

1. Be clinically led
2. Have greater patient and public involvement in decision making
3. Quality of care should be at the centre of all we do

3. NHS Reforms (simplified)

- **PCTs** (Primary Care Trusts) abolished.
 - **NHS England** established
 - **Local CCGs** (GP Clinical Commissioning Groups) commission services from NHS Trusts & in some cases from the 3rd & Private Sectors.
 - **Provider Trusts** (Hospital & Community Services) work towards NHS Foundation Trust status
 - **Public Health** transferred to Local Authorities
- 

4. NHS Reforms Simplified

- **Local Health and Wellbeing Boards** agree health and social care strategy, and facilitate joint working between NHS and Local Authorities
 - **Healthwatch** England and Local Healthwatches replace LINks
 - **Monitor** has quality responsibility in addition to finance, efficiency, effectiveness, etc
 - **CQC** (Care Quality Commission) responsible for care standards
 - **LA Overview & Scrutiny Committees** continue
-
